PUBLIC WORKS:

1. Sewer line update for Industrial Park. Lots of rock early, damage to conduit and communication line for solar array. Started April 20, 2022.
2. Sun Valley Storm Sewer: We did a temporary fix on it but we will have to look at it in the near future for repairs.
3. PFAS Sampling to start in a few weeks
4. CMAR next month
5. Fire Siren on North Center has been repaired
6. Reeve got a new career job so we will be looking at the applications we received last year.
7. Scoreboard: We have the scoreboard at the Public Works Building and we will have to have an electrician put the wiring at the Community Park ball diamond.
8. We need to talk about the Extraterritorial Zoning. Donna please have that on next month's agenda.

BUILDING PERMITS: Nothing to report

CLERK'S REPORT:

The Public Fire Protection item on your water bill helps pay for oversizing of pipes to allow more water flow, installation of water towers for storing water, oversized pumps to allow for the pressure needed to combat fires and maintenance of water infrastructure and fire hydrants. **This fee will not pay for any of the costs of operating the Fire Department** – ONLY costs related to the infrastructure that makes adequate water flow and pressure for fighting fires. The Village of Dickeyville passed a Resolution January 10, 2022 to have 50% of the fire protection charged on the Utility Bills. We received permission from the PSC to have the 50% charge added to the utility bills.

Discussion and possible action on Police Officer: We will have public input meetings and inform the residents the details and information we receive from Department of Revenue. We will have to have a resolution and referendum. Donna will fill out forms the DOR will need to raise the levy limit to help pay for another Police Officer. This will be done before the November election.
