APPROVE MINUTES OF JULY 8, 2026, Regular Board Meeting: MOTION: Leibfried and Ginter to approve the minutes of the July 8, 2026, Regular Board Meeting. Approved.

ALSO ATTENDING: Attorney Ben Wood, Chief Reuter, Luke Freiburger, Deb Kieler, Scott Wright, Miranda Hinderman, Nate Millman, Mark Oyen, Jordan Fure, Robbie Lange.

DISCUSSION AND POSSIBLE ACTION ON: Boardroom Video and Audio. Scott explained to the board how the system would work if they were not able to attend a meeting. They still can participate in the meeting. Timmerman asked if they participated in the meeting via video and audio, will it count as a quorum? Attorney Wood said yes; since COVID, they have allowed this. Scott said the system will stream the meetings, and all residents can log in; they will not be able to participate unless they are on the agenda. The system will allow us to record all meetings in the cloud. They will provide training, and we will need the system cleaned and maintained every year. It will not take long to set up the video and audio before each meeting. Scott stated that Cuba City has this in the boardroom and that it works well. The Village will have to purchase a computer and call the electricians to have everything wired for the system. The total cost of the project will be \$26,350. MOTION: Ginter and Leibfried to purchase the Boardroom audio and video system from Lifeline Audio Video Technologies. Approved.

DISCUSSION AND POSSIBLE ACTION ON: Comelec installing Fiber in the Village of Dickeyville. Board discussed Comelec coming to install fiber optics in the Village. Will be at no cost to the Village; the board sees no problem with them installing fiber optics in the Village.

DISCUSSION AND POSSIBLE ACTION ON: Wastewater Treatment Facility upgrade options: Kieler has decided not to join the two sewer plants into one. Preliminary wastewater updates will be in the Capital Improvement plans. Delta 3 will go through all the equipment and make a list of anything that will need to be upgraded. 2029 water quality trading will begin for phosphorus. Construction in 2030 will start if any upgrades are needed.

DISCUSSION AND POSSIBLE ACTION ON: Redbird Lane Stormwater Control: On Redbird Lane, when construction was done, the three ditches were washing out more. Delta 3 came down, looked at the problem, and suggested that the Village have two (2) inlets on Redbird Lane to help with the stormwater control. MOTION: Timmerman and Ginter have the two (2) inlets placed on Redbird Lane to help with the Stormwater control. Approved.

DISCUSSION AND POSSIBLE ACTION ON: Line of Credit for Well #3. Matt stated that we will only need a line of credit if the grant has not been awarded to the Villager at the time they start construction. Construction will start in November. We have been approved but are not sure when they will award the grant. The line of credit will be \$1,000,000 through Royal Bank. MOTION: Redfern and Herbst to take out the line of credit through Royal Bank. Gantenbein Aye, Leibfried Aye, Ginter Abstain, Redfern Aye, Kuepers Absent, Timmerman Aye, Herbst Aye. Approved.
